Greg Palast on how to:

SAVE YOUR VOTE

SaveYourVote.org

CHECK YOUR REGISTRATION NOW

Why: Voter rolls are often cleaned up, and you might be removed without any notification, especially due to challenges from MAGA voter vigilantes.

Pro Tips:

- Check your voter registration status online at Vote.gov.
- After checking, verify your registration again as Election Day approaches.

VOTE EARLY

Why: With MAGA voter vigilantes actively challenging voter statuses, it's crucial to vote as early as possible. This allows you time to address any challenges to your voter registration.

Pro Tips:

- In states like Wisconsin, Nevada, and Michigan, you can register to vote on Election Day.
- Make sure to ask for both a registration form and a regular ballot!

AVOID POSTAL PITFALLS - UNLESS NECESSARY

Why: Many mail-in ballots are disqualified due to minor mistakes, such as not having enough postage.

Pro Tips:

If you need to vote by mail:

- Fill out your ballot carefully to avoid errors.
- Check if your state allows you to track the status of your mail-in ballot.

SKIP THE PROVISIONAL "PLACEBO" BALLOT

Why: If challenged by MAGA voter vigilantes, you might receive a provisional ballot, which can give the illusion of voting but may not actually count.

Pro Tips:

Instead of relying on a provisional ballot, call 1-(866) OUR-VOTE. They have lawyers ready to help you address any challenges to your voter status.
